فخامة الرئيس محمود عباس "أبو مازن" رئيس اللجنة التنفيذية لمنظمة التحرير الفلسطينية رئيس السلطة الوطنية الفلسطينية

منظمترالنحريرالفلسطينيت

السلطت الوطنيت الفلسطينية

بسم الله الرحمن الرحيم

تقديم من سيادة الرئيس محمود عباس "أبو مازن" رئيس السلطة الوطنية الفلسطينية

يعتبر التعداد العام للسكان والمساكن والمنشآت ركناً أساسياً من أركان النظام الإحصائي الرسمي في أي دولة، حيث يأتي تنفيذه خالال عام 2007 استحقاقاً قانونياً وتتموياً ووطنياً وسيادياً، و يمثل تنفيذه لبنة أساسية في عملية بناء الدولة وإرساء أسس التخطيط السليم بمعايير علمية نظراً لما يوفره من إحصاءات دقيقة وتفصيلية لكافة نواحي الحياة، ويساهم في بناء الدولة الفلسطينية وإنجاز الاستقلال السياسي والاقتصادي والاجتماعي، وتحقيق التنمية.

لقد جاء تنفيذ هذا المشروع الوطني الكبير في ظل ظروف غاية في التعقيد على مختلف الأصعدة، مما جعل تنفيذ التعداد مهمة صعبة تعترضها الكثير من التحديات والأخطار، إلا أن عزيمة الشعب الفلسطيني وإصرار الفريق الوطني، واحتضان القيادة السياسية جعلت من التغلب على هذا التحدي أمراً ممكناً أدى إلى تنفيذ التعداد العام الثاني في الأراضي الفلسطينية بجودة عالية وفق المعايير الدولية، بأيد وبخبرات فلسطينية وبقرار فلسطيني مستقل، واستجابة للحاجات الوطنية في شتى المجالات.

منظمت النحرير الفلسطست

السلطتالوطنيت الفلسطينيت

لقد أسهم التعداد في إعادة الموضوع التنموي على الأجندة الوطنية والدولية في فلسطين، بعد أن تراجع دورها لصالح الأجندة الإغاثية، فالتنمية أهم الدعامات الضرورية لتأسيس مجتمع ديمقراطي، وبناء إنسان حر ملتزم بالمبادئ الوطنية والإنسانية. والإحصاءات الدقيقة والعلمية هي العمود الفقري لوضع خطط تتموية مبنية على أسس سليمة تشكل رافعة لقضايا التنمية وتحقيق الأهداف المعلقة عليها.

لقد أبدى المجتمع الدولي اهتماماً بالغاً بهذا المشروع التتموي وعبر عن اهتمامه من خلال الدعم المادي والفني الذي قدمته بعض الدول الصديقة والمنظمات الدولية. فقد كان لصندوق الأمم المتحدة للسكان مساهمة مادية وفنية جادة، وكذلك صندوق أوبك للتتمية الدولية، وحكومات النرويج وهولندا وسويسسرا واستراليا، والمملكة العربية السعودية ومنظمة الأمم المتحدة للطفولة "اليونيسيف"

إننا إذ نهدي هذا الإنجاز التاريخي الى كل فلسطيني، فإننا نعبر عن تقديرنا وشكرنا لأسرة الجهاز المركزي للإحصاء الفلسطيني والفريق الوطني للتعداد على إصرارهم وعطائهم وتفانيهم في تحقيق هذا الإنجاز.

رام الله: 2008/5/22

رئيس اللجنة التنفيذية لمنظمة المسطينية رئيس السلطة الوطنية الفلسطينية

Acknowledgments

The Population, Housing and Establishment Census (PHC-2007) is the second census conducted by the Palestinian Central Bureau of Statistics (PCBS) since the Palestinian National Authority (PNA) was established in 1994. The PHC-2007 was conducted in a very critical and complicated political, administrative, financial and organizational environment. It could not have been accomplished without the generous support of a number of friendly countries, international and national institutions and personalities.

The implementation of the PHC-2007 was co-financed by the PNA, United Nations Population Fund (UNFPA), the Core Funding Group (CFG) of PCBS (Norway, Netherlands, and Switzerland), OPEC Fund for International Development (OFID), Australia, and the United Nations Children's Fund (UNICEF), and the European Union (EU).

PCBS would not have been able to implement the PHC-2007 as a national project in such complicated circumstances without the important contribution made by the PHC-2007 National Higher Committee, the committees in the governorates, publicity campaign committees, and many other official and popular supporting committees and bodies.

We would also like to highlight the outstanding efforts made by the Census National Director, Executive Director, and all census national team members to plan, manage, implement, supervise, monitor, and coordinate census activities: senior assistants of the national and executive director, census directors in the governorates and their assistants, coordinators of the publicity campaign and their assistants, field supervisors, field observers, enumerators, administrators and other team members.

PCBS extends its deep thanks to all of these personalities and institutions for the tremendous efforts they exerted to bring the second Palestinian census to light.

Preface

The PHC-2007 is an important pillar of the national development process. It is a primary prerequisite for the socioeconomic planning. Furthermore, it helps reinforcing the Palestinian sovereignty on the ground. Countries around the world usually conduct censuses every decade according to the degree of population stability, the amount of potential changes in the demographic characteristics and the availability of the financial resources.

Realizing the importance of bridging the gap between society's statistical needs the current situation in the Palestinian Territory conducted the first national population, housing and establishment Census in 1997. PHC-2007 has been conducted for legal, development and statistical considerations. Success is vehemently attributed to the colossal efforts exerted by the national census team and the continuous support of the Palestinian leadership.

The main objective of the PHC-2007 is to update statistical data on the Palestinian population, housing units, economic establishments and agricultural holdings, and to provide small area statistics to the planners and decision makers. PHC-2007 will contribute to realizing a balanced and comprehensive development in all sectors.

PHC-2007 was designed and implemented in accordance with the United Nations principles and recommendations of Population and housing census taking into consideration the local Palestinian needs. Special attention was given to affording complete and adequate data on the size, structure, distribution and characteristics of the demographic, economic and social components of the Palestinian population; the characteristics of houses; the number and characteristics of the economic establishments and making an inventory of the agricultural holdings. Consequently, obtained statistical data will foster and support the role and efficiency of planning both on the national and local governments levels.

In an effort of PCBS to provide the users with the census results as soon as possible, the national census team made every possible effort to fulfill that, where we were able to publish the preliminary results of the census after five weeks of the end of the census fieldwork events and this is considered a record time compared to other countries. In addition the final results of establishments, buildings, population and housing for Palestinian Territory were disseminated. In a continuation of this approach this report comes as a part of detailed reports about the characteristics of housing in Gaza Strip.

PCBS and the national census team are pleased to present this report which contains the final results for the Housing Census 2007 in Rafah Governorate. Hoping to be a reference for all planners, decision makers and policy makers in the public and private sectors and civil society institutions.

May, 2012

Ola Awad President of PCBS

Important Notes

Based on The contained data in this report is based on the following facts:-

- 1. For more information about the methodology and data quality, please refer to the report titled "Census Final Results- Housing Report- Palestinian Territory", which is available at:
 - http://www.pcbs.gov.ps/Portals/_PCBS/Downloads/book1841.pdf
- 2. Population, housing and socio-economic data are based on the actually enumerated population and housing units and doesn't include uncounted population estimates according to the post enumeration survey. In addition it doesn't include the collective households.
- 3. In some tables the total of percentages might not add up to 100% due to rounding.
- 4. A set of special symbols were used in the tables of this report. The representation of these symbols are:
 - (-) Nil (not found).
 - (0) less than 0.05%.

Chapter One

Concepts and Definitions

The definitions used in the PHC-2007 are based on the de-facto concept as the United Nations standard concepts and definitions stated in order to be consistent with the 1997 census and to ensure comparability. The following concepts and definitions were used in this report

Population Census:

The process of collection, classification, processing, analysis, assessment, dissemination of statistical data on the number of population and their distribution by basic demographic and socio-economic characteristics in a specific reference period within the boundaries of a specific geographic area.

1.1 Geographical, Administrative and Statistical Divisions

According to current administrative divisions, the Palestinian Territory is divided into two geographic regions: West Bank and Gaza Strip.

- 1. **West Bank** is divided into 11 Governorates (Jenin, Tubas, Tulkarm, Nablus, Qalqiliya, Salfit, Ramallah & Al-Bireh, Jericho & AlAghwar, Jerusalem, Bethlehem, and Hebron).
- 2. **Gaza Strip** is divided into 5 Governorates (North Gaza, Gaza, Deir Al-Balah, Khan Yunis, Rafah).

Locality:

A permanently inhabited place, which has an independent municipal administration or a permanently inhabited, separated place not included within the formal boundaries of another locality.

Locality Type:

Localities have been divided into three types: Urban, Rural, Camps

Urban: Any locality whose population amounts to 10,000 persons or more. This applies to all governorates/districts centers regardless of their size. Besides, it refers to all localities whose populations vary from 4,000 to 9,999 persons provided they have, at least, four of the following elements: public electricity network, public water network, post office, health center with a full – time physician and a school offering a general secondary education certificate.

Rural: Any locality whose population is less than 4,000 persons or whose population varies from 4,000 to 9,999 persons but lacking four of the aforementioned elements.

Camp: It refers to any locality referred to as a refugee camp and administered by the United Nations Refugees and Work Agency in the Near East (U.N.R.W.A.).

Enumeration Area:

A group of houses (about 150 housing units) with clear boundaries on the ground, it may constitute one locality or part of a locality.

1.2 General Definitions

Housing Census:

This is the overall process for the collection, classification, processing, analysis, evaluation and dissemination of statistical data and provides for the preparation and distribution of the houses by various characteristics of the houses in the reference period and within certain specific geographic area.

Housing Unit:

A building or part of a building constructed for one household only, with one or more independent entrance leading to the public road without passing through another house.

Collective Households:

It refers to the place constructed for the residence of a group of individuals, who live therein and benefit from the services it provides. The collective household; it may be comprised of one building or more or one housing unit or more. Examples of collective households include hotels, hostels, elderly and orphans homes, psycho-therapy clinics and hospitals, collective households for university students, collective living quarters (camps) at the passages, and housing units of priests and nuns in the monasteries and churches (who do not have other households).

Household:

One person or a group of persons with or without a household relationship, who live in the same housing unit, share meals and make joint provision of food and other essentials of living.

Type of households that underwent enumeration are divided into:

Private Households: The households included in the aforementioned definition of the household.

Collective (**Institutional Households**): It refers to the households enumerated in the previously mentioned collective households.

Palestinian Household:

It refers to the private household whose head holds the Palestinian nationality. As for non Palestinian household, it refers to the household whose head holds non Palestinian nationality irrespective of the nationality of other household members.

Special types of Households:

A one-person-household: It refers to the household comprised of one individual.

Nuclear household: It refers to the living household comprised of a couple only; a couple and a son or a daughter (not adopted son or daughter) or more; or a male head of a household with a son or a daughter or more; or a female head of a household with a son or a daughter or more. It is worthy to note that no other relatives or non-relatives live with this household.

Extended Household: A household of at least one nuclear household together with other relatives

Composite Household: Refers to household consisting of at least one nuclear household with other non-relatives.

Head of the household:

It refers to the person who usually lives within the household and is considered as the head of the household by its other members. Often, he \ she is the main decision-maker and responsible for financial support and economic welfare of the household.

1.3 The Basic Definitions for Population Characteristics

This status relates to the Palestinians who were forced to leave their land in the Palestinian Territory occupied by Israel in 1948. It applies to their male sons and grandchildren.

1. **Registered Refugees:** It applies to registered refugees holding refugee registration cards issued by UNRWA.

- 2. **Non-Registered Refugees:** It applies to unregistered refugees who do not hold refugee registration cards issued by UNRWA.
- 3. **Non-Refugee:** It applies to any Palestinian not categorized under any of the two aforementioned statuses.

Sex:

It is divided into male and female.

Age in Completed Years:

The completed age in years of the person enumerated, which is the difference between the date of birth and the survey reference period.

Employed:

Persons who were at work at least one hour during the reference period, whether for their own account or for others paid or unpaid, or in the interest of the household. Employees classified according to the number of weekly working hours of the workers (1-14) hours, workers (15-34) hours, workers 35 hours or more.

Labor Force Status:

A person's work status in terms of being inside or outside the labor force and also classified as follows:

- 1. **Employed 1-14 work hours:** All persons aged (7 years and over) who were at work at least one hour during the reference week, or who were not at work during the reference week, but held a job or owned a business from which they were temporarily absent and usually working 1-14 hours per week.
- 2. **Employed 15-34 work hours:** All persons aged (7 years and over) who were at work during the reference week, and held a job or owned a business from which they were temporarily absent and usually working 15-34 hours per week.
- 3. **Employed 35 hours or more:** All persons aged (7 years and over) who were at work during the reference week, and held a job or owned a business from which they were temporarily absent and usually working 35 hours or more per week.

Does not work and seeking work - who has ever been employed:

- 4. Actively seeking a job during the reference week: Those individuals aged (7 years and over) who did not work at all during the reference week, were not absent from a job, were available for work and actively seeking a job during the reference week, and looking for a job by one method of the following: registration at employment office, or registration at a labor union, or asking friends or relatives, or a personal visit of the premises, or reading the newspaper in order to obtain jobs, or searching for a building or land or machinery or equipment in order to establish a private project or seek of financial resources. Noting: that this category is the category that worked in the past two weeks continuously.
- 5. **Not seeking work because of discouragement:** Those individuals aged (7 years and over) who had worked in the past but within a reference week did not work even one hour, were not looking for work and were willing to work or need to work and sought previously but had been unable to find work.

Does not work and wants to work – Never Employed:

6. Actively seeking a job during the reference week: Those individuals aged (7 years and over) who did not work at all during the last period, were not absent from a job, were available for work and actively seeking a job during the reference week, and

looking for a job by one method of the following: registration at employment office, or registration at a labor union, or asking friends or relatives, or a personal visit of the premises, or reading the newspaper in order to obtain jobs, or searching for a building or land or machinery or equipment in order to establish a private project or seek of financial resources.

7. **Not seeking work because of discouragement:** Those individuals aged (7 years and over) who has not worked throughout their life with any kind of work, has not worked even for one hour during the reference period, was not looking for work, but has desire or need to work and sought work previously but was unable to find and has no income due to this and did not continue in looking for work.

Does not work does not want to work:

Individuals aged (7 years or over) for which the concept of employed or unemployed does not apply, are classified outside the labor force, in the sense that this individual did not work even one hour during the reference period, nor looking for work and does not wish to work and falls under this definition:

- 8. **Full-time study / training:** Individuals aged (7 years or over) who regularly study in order to obtain a qualified skill and not linked to work during a certain period of reference. It should be noted here that household chores and hobbies are not included in the concept of work.
- 9. **Full-time housekeeping:** Any person (male or female) aged (7 years and over) not working but has capability to work and not looking for work and not attending regular study and aims at serving the household home. This does not include the servicing of the homes of others in return for payment in kind or cash since this type of service is within the workplace.
- 10. **Disabled /old age / illness:** An individual who is aged (7 years and over) who cannot do any kind of work due to chronic illness or due to any disability This category also includes all individuals who are unable to work because of old age.
- 11. **The existence of income / retiree:** If an individual is able to work but does not work and did not wish to work nor look for work because there is revenue from real estate, or retirement, etc.
- 12. **Other:** Includes any individual for which all the previously stated did not apply, such as a prisoner, or individual capable of work but not wishing or looking for work and who has no income, such as sons and daughters who are not attending school, who do not apply to any situation mentioned previously.

Main Occupation:

The main job or type of work performed by the employed person or used to be performed by the unemployed ever worked person. The occupation refers to the activity in which the employee works more than half of his/her working hours or the most frequent job during the last three months prior to the enumeration night.

Educational Attainment: It refers to the highest successfully completed educational attainment level. The educational level for persons aged 10 years and over .

Illiterate: It applies to persons unable to read or write in any language and who were never awarded a certificate from any formal education system.

Can Read and Write: It applies to persons who are able to read and write without completing any of the educational stages. Such persons are generally able to read and write simple sentences.

Qualification (The highest successfully completed educational attainment):

It refers to the highest educational attainment level (elementary and higher) the person successfully completed. Elementary is the educational level for persons who successfully completed the sixth elementary grade. Those who successfully completed the ninth grade shall be classified under the preparatory level. Likewise, persons who successfully completed the general secondary certificate examination shall be classified under the secondary level. As for the rest of levels, they are as follows: Associate diploma, bachelor degree (BA/BS), higher diploma, masters degree (MA/MS), doctorate (Ph.D)

1.4 The Basic Definitions for the Housing Units Characteristics

Type of Housing Unit:

Housing unit type may refer to any of the following:

- 1. **Villa:** A separately established building that is usually constructed from clean stone. It is constructed for the living of one household and consists of a 2–suite, single or double or multiple stories connected through internal stairs. One of the suites is constructed as bedrooms whereas the second suite is constructed for reception and involves the kitchen and other related services. In general, the villa is surrounded by a garden, regardless of the area of this garden, which is surrounded by boarder wall or fence. Villas normally have a roofed parking area (garage). Villas may also include a separate small building or extension as part of them.
- 2. **House:** A building usually established for the residence of one household or more; it is the typical form of residential buildings prevailing in Palestine. The house may be comprised of a single story or more that is utilized by a single household.
- 3. **Apartment:** It is a part of a building or a house, consisting of one room or more and annexed with kitchen, bathroom and toilet, which are all closed by an external door leading to the road through a stairway and/or path way. It is prepared usually for one household.
- 4. **Independent Room:** It is a separate room with no kitchen, bathroom or toilet, but sharing these basic services with other households, and it is prepared for living.
- 5. **Marginal:** It is a separate unit, usually comprised of one or more rooms. The main construction material of the ceiling and the external walls is zinc, tinplate, etc, but it does not undergo listing unless it is occupied.
- 6. **Tent:** It is made of textile, wool, or hair. It is typically used in the Bedouin localities.
- 7. **Other:** It refers to any type of building other than the aforementioned. Examples of this type include cottages, caves, grottos, and booths occupied by a tenant during the Census.

Tenure of the Housing Unit:

This section refers to the household tenure of the house that could be one of the following categories:

- 1. **Owned:** This category applies when the household or one of the household members usually living therein owns the house.
- 2. **Rented Unfurnished:** If the house is rented without furniture.
- 3. **Rented Furnished:** If the house is rented with furniture.
- 4. **Without Payment:** If the house is used without any payments.
- 5. **For Work:** If the house is offered to the household as a result of a working relation with one member of the household or more.
