## Understanding the Scores

Each category receives a coverage and openness score. Coverage scores are based on five coverage elements\* and openness scores are based on five openness elements. Overall scores are an average of all 10 criteria.

-  **Score 100**  
Data in this category fulfill all ODIN coverage/openness criteria.
-  **Scores 81-99**  
Data in this category fulfill most ODIN coverage/openness criteria.
-  **Scores 61-80**  
Data in this category fulfill several ODIN coverage/openness criteria, but many important gaps remain.
-  **Scores 41-60**  
Data in this category fulfill some ODIN coverage/openness criteria, but many important gaps remain.
-  **Scores 21-40**  
Data in this category fulfill some ODIN coverage/openness criteria, but many important gaps remain.
-  **Scores 1-20**  
Data in this category fulfill few ODIN coverage/openness criteria and there are significant gaps.
-  **Score 0**  
Not enough data were published to meet the minimum threshold to receive a score.

\*Some categories are only scored on 3 or 4 coverage criteria. View the coverage tab for more information.
