PEIS will provide basic environmental data in Palestine, it is expected that ministries, research centers, universities will benefit from these data; of these:

- Ministry of Local Government
- Ministry of Health
- Ministry of Education and Higher Education
- Palestinian Water Authority
- Environment Quality Authority
- Ministry of Planning and Administrative Development
- Universities
- Research centers
- NGO's
- Palestinian Energy Authority
- Palestinian Meteorological directorate
- Centers which are involved in environmental affairs and social development
