

The Net Stock of the International Investment Position (IIP) Increased by 4% at the End of the First Quarter 2019

The Palestinian Central Bureau of Statistics (PCBS) and the Palestine Monetary Authority (PMA) announced the preliminary results of the International Investment Position (IIP), and External Debt statistics for Palestine as of end of the first quarter 2019.

The primary results of the IIP (external assets – foreign liabilities) for Palestine at the end of the first quarter 2019 revealed that the net IIP amounted to USD 1,724 million, increased by 4% compared with previous quarter, which means that the Palestinian economy's investments outside Palestine outweighs investments in Palestine from abroad.

The total stocks of External Assets for Palestinian economy amounted to USD 6,841 million, the Foreign Direct Investment Abroad contributed to 5%, Portfolio Investments abroad reached 20%, while Other Foreign Investments Abroad (mainly currency and deposits) reached 66% and Reserve Assets amounted to 9%. At sectoral level, the external investments of banks sector represented a large share of the external assets, standing at 67% of the total value of external assets for Palestinian economy.

The total stocks of Foreign Liabilities in Palestine (stocks of non-residents invested in Palestine) amounted to USD 5,117 million, the Foreign Direct Investment in Palestine contributed to 53%, Portfolio Investments in Palestine reached 15% and Other Investments in Palestine (mainly loans and deposits from abroad) amounted to 32%. At sectoral level, the foreign investments in banks sector contributed a major value in the foreign liabilities, represented by 38% of the total value of foreign liabilities on Palestinian economy.

Stock of external government debt amounted to about USD 1 billion at the end of the first quarter 2019

The Gross External Debt on the Palestinian economic sectors reached USD 1,680 million increased by 9.4% compared with previous quarter, the debt on government sector represented 61%, while debt on banks sector reached 34%, and debt on other sectors (nonbank financial corporations, non-financial corporations, NGOs and households sector) amounted to 2%, and the lending between affiliated companies reached 3%.

The International Investment Position (IIP) is an accounting sheet that records the investments stocks for the residents in Palestine (individuals, institutions and government) invested in the rest of the world (abroad) under the name of (assets), and compares them to the investments stocks owned by residents outside Palestine (individuals, institutions and government) invested in Palestine under the name of (liabilities).

The Balance of Payments Manual - fifth edition, issued by the International Monetary Fund in 1993, divides the assets and liabilities into direct investment (investment by 10% and more in the non-resident capital), and portfolio investment (investment less than 10% in the non-resident capital as well as investment in bonds), and other investments. It divides these other investments into stocks of trade credit, loans, currency and deposits and any other assets or liabilities), in addition to the Reserve Assets, i.e. Stocks held by the Central Banks/ Monetary Authorities to address the imbalances in the balance of payments, it is worth mentioning that the reserve assets are only included in the asset side.

The External Debt is an accounting sheet that records the debt stocks on Palestinian economic sectors due to non-residents. These include (loans from non-residents, the deposits of the non-residents deposited in the banks sector in Palestine, the Palestinian bonds purchased by non-residents, debt transactions between the non-resident enterprises and fellow enterprises in Palestine. They encompass as well any other liabilities on Palestinian economy) the data of external debt have been extracted from the liabilities side in the international investment position matrix (debt items). Preparing, classifying and publishing of the data are based on (External Debt Statistics Manual) issued by IMF in 2003, this manual is harmonized with the fifth edition of Balance of Payments Manual.
